

GOLD EDUCATION GROUP

Providing better Education for new Generation

About us

Gold Education Group is Qatari establishment founded by Bouthaina Nabil Nousseir in 2013. This Group is combined of two sister companies Gold Education Solutions & Gold International Bookshop. We are focused on international & independent schools in Middle East . We are independent consultancy specialized for establishing and managing successful international schools in Qatar for more than 4 years.

We are specialized in providing key products and services to schools, which include :

- Book Supplies;
- Teachers Professional Development ;
- Teachers Manuals;
- Schools Recruitment;
- Curriculum Development ;
- Schools Portal Development ;

We have proven track in :

Gold Education Group providing high quality learning and teaching materials blended with the latest technology, for schools and institutions, in order to facilitate better learning and teaching outcomes.

In doing so, we trust that our support and assistance will help our communities develop in a concise and precise fashion, attaining high standards of education, and thus, better quality of life in an ever-changing and challenging world.

Our main objective is delivery of learning and teaching materials to all types of educational institutions and organizations who are keen to provide their students and trainees with more localized products.

- Opening new schools;
- School governance and ownership, business and financial management ;
- Implementation of ICT solutions;
- Property facilities planning, development and operations;
- Development and implementation of school improvement plans;

Our approach is professional and collaborative . We are helping schools to set the standards of excellence . We are providing from beginning to the end solutions for opening and managing schools. We understand and know every school is different . Our work is to complete your vision and assist in the developing school that best meets the needs of the market .

The Company headquarter is located in Doha, Qatar.

Our Mission & Standards

Our Mission:

Our mission is to become the market leader in schools training and books; providing the most professional services to enhance the education objectives.

Our Professional Standards:

We work with a wide reputable network of consultants, teachers and editors who adopt world-class educational standards.

We ensure a consistent quality of the services we offer while maintaining a reliable code of business ethics and standards.

We constantly strive to uphold the

same uncompromising standards offering innovative, creative and practical materials.

These standards assure that we keep the trust of our valuable network of clients.

Our Vision

Our main objective is **delivery** of **learning** and **teaching** materials to all types of **educational** institutions and organisations who are keen to provide their **students** and **trainees** with more localised products.

Our Environment

Gold International Bookshop is the place where people who love books, ideas and writing can present significant work. Creativity drives everything we do. Whether through the stories we publish or the way we do business; it is at our heart.

We seek out and champion diverse author voices and bring their stories to readers all over Qatar.

Our readers' tastes are constantly changing: they are engaging with information in new and exciting ways. So we constantly think about the best means to share a story.

Our job is to lead the field, creating platforms that bring ideas and stories to life in compelling and contemporary ways. From traditional printed books, ebooks and audio books to interactive apps, blockbuster films, TV shows, radio, theatre productions, live events and social media, the list is as vast as our imagination. Our books shape the broader cultural life of our society.

Gold Education Solutions provides high quality learning and teaching materials blended with the latest technology, for schools and institutions, in order to facilitate better learning and teaching outcomes. In doing so, we trust that our support and assistance will help our communities develop in a concise and precise fashion, attaining high standards of education, and thus, better quality of life in an ever-changing and challenging world.
